Grow your global network with an education abroad experience.

Taking business courses abroad will help you enhance your intercultural competency and hone your interpersonal skills. Do you envision yourself as a leader? Leaders are adept at cross-cultural communication and can solve problems. With increased cultural sensitivity and self-awareness, you will be a better problem solver and more agile professional in ever-changing business environments.

Keep in mind that your home institution may require that you take business courses at an AACSB-accredited institution abroad. Many TEAN host institutions are AACSB or even triple-crown (AACSB, EQUIS, AMBA) accredited. Check out our [accreditation chart](#) for more information.

Are you looking for specific courses? Reach out to us and we can help you find the program that meets your academic goals and course needs.

Get hands-on experience abroad

An international internship through TEAN can help you stand out in the increasingly competitive job market. Available for a variety of majors, we offer full-time internships (in-person or online!) or add a part-time internship alongside your courses.

Discover internship opportunities available by visiting teanabroad.org/internships.
