## Looking to learn more about the cultural contexts of health and health care?

Courses that expose you to a different health care system can lead to a greater understanding of how people's cultural and social backgrounds impact their perspectives on health and well-being.

Whether you are looking for summer programs specifically designed around health and exercise science coursework and experiences, or you are seeking courses through our host university partners that introduce health issues from a different cultural perspective, TEAN has a suite of programs designed to meet your academic goals.

Are you looking for specific courses? Visit [teanabroad.org/course-finder](https://teanabroad.org/course-finder) and we can help you find the program that meets your academic goals and course needs.

### Get hands-on experience abroad

An international internship through TEAN can help you stand out in the increasingly competitive job market. Available for a variety of majors, we offer full-time internships (in-person or online!) or add a part-time internship alongside your courses.

Discover internship opportunities available by visiting [teanabroad.org/internships](https://teanabroad.org/internships).

#### COURSES IN ENGLISH UNLESS OTHERWISE NOTED

The following list and chart represents only a sampling of available TEAN programs. To get more information on the programs shown, as well as information on all other program options, go to [teanabroad.org/program-finder](https://teanabroad.org/program-finder).

## Health & Exercise Science

### Featured Programs

#### AUSTRALIA

##### Brisbane

University of Queensland (UQ)

- UQ is ranked in the top 50 universities in the world, and top 30 in several subject areas, including sports-related subjects and nursing
- As a leading research university, UQ's innovations change lives around the world
- Breakthroughs from UQ professors include Dr. Ian Frazer's research and development of the Gardasil® cervical cancer vaccine

- Semester program
- Courses with local degree-seeking students
- **Sample Courses:** Community & Public Health Nutrition • Exercise Physiology in Sport • Occupational Performance across the Lifespan

##### Newcastle

University of Newcastle

- Ranked in the top 150 in the world for Medicine according to the 2021 QS World University Rankings by Subject
- Smaller city located just two hours from Sydney, with a lower cost of living than other major urban areas and great access to the outdoors

- Semester program
- Courses with local degree-seeking students
- **Sample Courses:** Studies in Population Health and Health Promotion • Nutrition for Health, Fitness and Sport • Neural and Visceral Anatomy

## Perth

### University of Western Australia

- Group of 8 university, notating one of the top institutions in Australia with a major focus on research
- Located in Perth, a lesser-known major city in Australia that boasts idyllic weather (including more hours of sunshine than any other Australian capital city) and a great location for easy travel to Asia
- Optional add-on internship for credit (140 contact hours)
- Most students will be required to submit a portfolio of work related to their field
  - Students with an exercise science and sports medicine focus will complete an internship with a local Australian rules football team
  - For all other health studies related majors, internships focus on supporting organizations delivering various public health programs

- Semester program
- Courses with local degree-seeking students
- **Sample Courses:** Lifespan Motor Development • Exercise Rehabilitation • Plagues, Pox, and Pandemics: the History of Death and Disease

## Sydney

### University of Sydney

- A top three university in Australia and ranked in the top 50 universities in the world (QS, 2021)
- Located in the largest and oldest city in Australia with direct beach access
- Gain hands-on experience with an optional internship throughout the semester

- Semester or summer program
- Courses with local degree-seeking students
- **Sample Courses:** Cranial and Cervical Anatomy • Movement Analysis • Fundamentals of Rehabilitation

## Wollongong

### University of Wollongong

- Ranked in the top 250 universities in the world—that's the top 2% of all universities—according to the QS World University Rankings, and 16th in the world of universities under 50 years old
- Wollongong is an outdoorsy city that's just 1.5 hours from Sydney and known for its laid-back lifestyle

- Semester program
- Courses with local degree-seeking students
- **Sample Courses:** Human Structure and Function • Exercise Physiology • Nutritional Epidemiology

## NEW ZEALAND

### Auckland

#### University of Auckland

- #1 institution in New Zealand and in the top 100 for life sciences and medicine world-wide
- Traditional campus in the largest city in New Zealand, the University of Auckland is a great option for those who want both a familiar campus setting and a bustling urban environment
- Hands-on clinical exercise physiology program available for students looking for practical learning opportunities

- Semester program
- Courses with local degree-seeking students
- **Sample Courses:** Principles of Tissue Adaptation • Pharmaceutical Science and Practice • Disability Frameworks

### Palmerston North

#### Massey University, Palmerston North

- The Massey Global Student Athlete programs allows student athletes to incorporate training into their semester abroad to stay on track for when they return home
- Located in Palmerston North, known as the "Student City" because half of the population is below the age of 25
- The park-like campus is located just over one mile from the city center and is easily accessible by bike or city bus services, which are free to Massey students

- Semester program
- Courses with local degree-seeking students
- **Sample Courses:** Exercise Prescription • Health Communication • Human Development
