## Grow your global network with an education abroad experience.

Taking business courses abroad will help you enhance your intercultural competency and hone your interpersonal skills. Do you envision yourself as a leader? Leaders are adept at cross-cultural communication and can solve problems. With increased cultural sensitivity and self-awareness, you will be a better problem solver and more agile professional in ever-changing business environments.

Keep in mind that your home institution may require that you take business courses at an AACSB-accredited institution abroad. Many TEAN host institutions are AACSB or even triple-crown (AACSB, EQUIS, AMBA) accredited. Check out our [accreditation chart](#) for more information.

Are you looking for specific courses? Visit [teanabroad.org/course-finder](http://teanabroad.org/course-finder) and we can help you find the program that meets your academic goals and course needs.

### Get hands-on experience abroad

An international internship through TEAN can help you stand out in the increasingly competitive job market. Available for a variety of majors, we offer full-time internships (in-person or online!) or add a part-time internship alongside your courses.

Discover internship opportunities available by visiting [teanabroad.org/internships](http://teanabroad.org/internships).

The following list and chart represents only a sampling of available TEAN programs. To get more information on the programs shown, as well as information on all other program options, go to [teanabroad.org/program-finder](http://teanabroad.org/program-finder).
